

NSF NNA Programming

December 2021

Program Manager Chat: National Science Foundation Navigating the New Arctic

December 8, 2021

4:00-5:00pm Eastern Time

Join IARPC and the National Science Foundation (NSF) for a **program manager chat** focused on the Navigating the New Arctic (NNA) program. NNA program officers will provide an overview of the **recently released solicitation**, highlight major changes, review goals of the NNA program, and answer questions.

NSF Navigating the NNA Proposal Preparation and Merit Review Process Workshop

December 9, 2021

2:00-4:00pm Eastern Time

The National Science Foundation invites you to a Navigating the New Arctic proposal writing workshop. The first hour will consist of an overview of the NSF review process and Intellectual Merit and Broader Impacts criteria, as well as share most common mistakes made by investigators when submitting a proposal. The second hour will be structured around breakout rooms with NSF program officers.

Please register for the Dec 9
workshop in advance.
